

# Donate your used mobile phone to support Disability Resources!

**"It is our goal that each and every person with a disability live a life of maximum independence with minimal public assistance"**

Disability Resources, Inc. has been serving people with disabilities in Washoe County since 1993. The agency currently operates 4 programs:

- 1) Our Job Development program involves helping people with disabilities find appropriate and gainful employment
- 2) Our Supportive Living Arrangements program teaches basic living skills, such as cooking, hygiene, money management, medication management etc...
- 3) Disability Resources, Inc also operates NewToYou Computers, a computer-recycling program in which we accept donations of computers, monitors, printers etc, refurbish them, and then give them to people with disabilities
- 4) Our Respite program provides short-term relief for 24-hour caregivers of people with disabilities

Donating your phone also helps preserve the environment by keeping them out of our landfills.
